MEMORANDUM TO THE BOARD ASSISTANTS

SUBJECT: U. S. Programs for the Rio Conference

COMPLETED,
10/31/03

In accordance with the action of the Board at its meeting of October 13 (Agenda Item 1), a further briefing by the Assistant Secretary For Inter-American Affairs, Department of State, on the United States preparations for the Rio Conference is scheduled for the November 10 Board meeting. The Director of the U. S. Information Agency will also outline for the Board the plans of his agency for the Conference.

Because of the large number of issues which are involved, and the fact that numerous discussions are taking place currently with respect to the many position papers being developed for the Conference, I suggest that arrangements be made through the Board Assistants for the briefing of Board members in preparation for the November 10 meeting.

In this connection, the following is a list of the documents which have been developed by the interdepartmental committee on the Rio Economic Conference that was established by the Cabinet on April 9, 1954 to prepare for the Conference:
